

# You are why we care.

Fresenius Kabi, a global healthcare company, created the KabiCare Patient Support Program to work closely with you and your healthcare providers to help navigate your insurance, financial assistance, and medication access needs to simplify your treatment journey.

Please see the full Prescribing Information, including Boxed Warning for TYENNE<sup>®</sup> (tocilizumab-aazg) at [www.tyenne.com](http://www.tyenne.com).

## KabiCare is designed to support your care:

### Welcome Packet

A welcome packet will be mailed to you once enrollment is complete. Inside the welcome packet, you will find important information about your medication and the KabiCare Patient Support Program.

### Case Management Support

KabiCare helps you navigate insurance processes and provides information related to your insurance coverage. After enrollment is complete and insurance is confirmed, you will receive a phone call from KabiCare to review your benefits and discuss other KabiCare resources that may be available.

### Financial Assistance

KabiCare can help with enrolling you into additional assistance programs.\*

#### Commercial Copay Program

If you have commercial or private insurance, you may be eligible\* for the copay assistance program that lowers your out-of-pocket costs to as little as \$0/month for treatment with an annual maximum.

#### Patient Assistance Program

If you do not have insurance and/or cannot afford your medication, you may be eligible for additional assistance through the Patient Assistance Program.

\*Eligibility criteria apply. Patients are not eligible for commercial copay assistance if the prescription is eligible to be reimbursed, in whole or in part, by any state or federal healthcare program.

## Bridge to Therapy Enrollment

The Bridge to Therapy program provides commercially insured patients access to treatment without delay while waiting for insurance approval.\*\*

## Nurse Support

Once you are enrolled, KabiCare nurse educators are available to help you understand your disease, treatment, and prescribed medication. They can also provide additional resources.

Nurse support provided by KabiCare is not meant to replace discussions with your healthcare provider regarding your care and treatment.

**Ask your healthcare provider about  
KabiCare enrollment.**

\*\*Eligibility criteria apply. Patients are not eligible for Bridge to Therapy support if the prescription is eligible to be reimbursed, in whole or in part, by any state or federal healthcare program.

KabiCare is  
here for you.

## About Fresenius Kabi

Fresenius Kabi is a global healthcare company that specializes in lifesaving medicines and technologies for infusion, transfusion, clinical nutrition, and specialty pharmaceuticals. Our products and programs are designed to help care for critically and chronically ill patients. For more than a century, we've delivered innovative therapies that are safe, efficient, and affordable. Recognized for our proven track record of quality, reliability, and consistency, we produce our medications in 90 state-of-the-art plants around the world. From essential injectable medicines to advanced systems used to maintain and protect the nation's blood supply. We're committed to making sure that patients have accurate and transparent information as new medication options come to market.
